

COPY AND SHARE - Don't Die, Ask Why ! - COPY AND SHARE

Addiction has slaughtered people like us over the years and one of the main tools was our isolation, our inability to learn what other people felt like and went through. Then in recovery, we discovered how to **share the NA way and whole new worlds opened up** to us. We even invented a process to write out recovery material on different subjects and review them to arrive at statements and success stories that could stand for NA as a whole. Then, a few years later, open sharing in writing was deemed 'service illegal' by some who did not know the whole story.

Traditions War: a pathway to peace

Traditions War: a pathway to peace is a brave look at the past twenty years of NA history. Those of you who follow our history know there has been very little synopsis writing about the 1983-2003 period. There is a tremendous amount of paperwork and conflicting eyewitness accounts, each valid from that person's experience. It has been too difficult for any Fellowship group to reconcile and evaluate the conflicts to present a clear picture of what happened and how it affects us.

In early 2003 a member who had been active in the history movement of the mid 1990's showed up at the Out of the Darkness, Into the Light Convention in Decatur, Alabama and things began to change. The title was suggested by a member at the Smyrna NAWOL Group. After many NAFG conferences, a new book describing our recent history has been written. The results are available for free from our www.nawol.org website. Like the NA Way of Life, the books are available at cost so you can review and input. You may order a copy of soft cover review and input 2003 Form for \$16.00 including postage
